VOL. XXX.

STANFORD, KY., FRIDAY, MAY 30, 1902, 9 A. M.

NO. 26

Possible many a bright-faced bride would shrink from the revelation of herself, stripped of all her loveliness. If there is one thing which would make a woman shrink from marriage it is to see the rapid physical deterioration which comes to so many wives. The cause is generally due to womanly diseases. Lost health and lost comeliness are restored by the use of Dr. Pierce's Favorite Prescription. It cures irregularity and drives weakening drains. It heals inflammation and ulceration, and cures female weakness.

"It is with the greatest pleasure that I tell you what Dr. Pierce's Favorite Prescription and Golden Medical Discovery have done for me," writes Mrs. Emma L. Barker, of 1023 North 7th Street, Harrisburg, Pa. "They have done me a world of good. I had female weakness for six years, sometimes would feel so badly I did not know what to do, but I found relief at last, thanks to Dr. Pierce for his kind advice. I have this medicine still in my house and will always keep it."

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures of other women, do not accept a substitute which has none of these cures to its credit.

Free, a Dr. Pierce's Common Sense Medical Adviser, paper cover, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Or for cloth-bound volume send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Second Baptist church in Little Rock by a practically unanimous vote adopted a resolution withdrawing fellowship from Gov. Jeff Davis, which is equivalent to expulsion. The charges against him were drunkenness, gambling and other immoral acts. Gov. Davis was not present, being on a fishing trip.

NO LOSS OF TIME.

As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by Craig & Hocker, Druggists.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 24 District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

G. G. GILBERT

Of Shelbyville, is a candidate for the democratic nomination for Congress in this, the 8th district, subject to the primary to be held Saturday, Aug. 9.

The action of the executive committee of the Second Railroad district in calling a convention for Oct. 1 to nominate a candidate for railroad commissioner and calling July 3 as the date upon which entries shall close, is most reprehensible and such trickery is bound to hurt the democratic party as well as weaken the candidate at whose instance the snap work was done. We are surprised that Mr. McCord would permit such an unfair effort to shut off other candidates for the office and if he does not call upon the committee to rescind its hasty, not to say foolish action, he will live to regret it. The railroad commissioners are not voted for until November of next year and it is silly to say the least of it to nominate a candidate a year or so in advance of that election. A Frankfort dispatch says that both the committee and Mr. McCord are being roundly roasted there for taking such snap judgment on the other candidate for the office and a similar state of affairs exists here and elsewhere, where justice and fairness are respected. Notwithstanding Mr. W. P. Walton, editor of the Lexington Democrat, has been an avowed candidate for a year or more Mr. McCord and his committee, which he seems to have under hypnotic control, professed to be in absolute ignorance of the fact that anybody but the present incumbent aspired to that office. A recall of the job put up is demanded by Mr. Walton and his friends and if Mr. McCord and his "committee of three" want to do anything like the fair thing they will cheerfully concede to such wishes.

It is proposed to install a voting machine in the hall of the House of Representatives at Washington. It now takes 45 minutes to complete a record vote in the House. There is no reason why this time may not be reduced to five minutes, effecting a saving of eight ninths of the time. No doubt filibustering would still be possible, for there is no assignable limit to human ingenuity in the invention of dilatory artifices. But there can be no reason for spending nine times the necessary time in taking a record vote when all parties are anxious to proceed with expedition. By means of a machine entirely accurate results can be obtained and in an entirely satisfactory manner. And there would most likely be an important gain in the order of the house and the intelligent as well as expeditious transaction of business.

There is general regret at the withdrawal of Hon. R. C. Warren from the Congressional race in this district. He made friends wherever he went in his short canvass and these friends in letters and telegrams promise their support two years hence. A better democrat than Mr. Warren never lived and the INTERIOR JOURNAL hopes before many years to record the fact that its splendid townsman has been elected to represent this district in the halls of Congress. It is taking time by the forelock, but we now nominate Hon. R. C. Warren for Congress two years hence. Do we hear a second?

The coal strike in the first two weeks of its existence, cost nearly \$10,000,000. The miners' loss in wages is estimated at \$3,594,000; operators' loss on coal, \$5,204,000; loss of employees not strikers, \$603,000; loss in general business in the anthracite region, \$1,500,000. The loss in production of coal in the anthracite region is figured at 2,500,000 tons. There certainly ought to be some way in this enlightened day to prevent strikes and their attendant losses.

A WILL has been held to be void in Michigan because by it \$800,000 was left to "indignant" old ladies when the testator meant "indigent" old ladies. Such a disposal of a will is sufficient to make the "indigent" women "indignant," and to think that the law as construed by some judges is far from being the height of human reasoning.

GEN. WOOD'S expense account as Military Governor of Cuba shows astonishing expenditures for wines and liquors and other luxurious personal appurtenances, says a Washington dispatch. That's the way the money goes. A limit to the expenditures of all public servants should be made.

AN idea of Ollie James' popularity in his home county—Crittenden—can be had when it is told that Sam Crossland, his opponent, only got eight votes in that county. Mr. James got nearly 1,500.

THE Louisville Times says that Hon. Ollie James now weighs a ton and that he is just half grown. Won't he be a whopper when he gets to be a man?

THERE is talk of Hon. Robert Hardlog, of Danville, running for circuit judge and Judge John W. Hughes and Charles A. Hardin, of Mercer, for Commonwealth's Attorney. We do not take the matter seriously at all. It is already written that both Judge M. C. Sausley and Commonwealth's Attorney John Sam Owsley will succeed themselves as they should do.

THE Lexington Herald is considerable. It declines to support Mr. W. P. Walton for railroad commissioner, knowing that its espousal would hurt, rather than help, Mr. Walton.

POLITICAL.

The Danville Advocate has declared for Gilbert.

The Senate agreed to take a vote June 3 on the Philippine government bill.

Ollie James' majority in the First district over Sam Crossland exceeds 3,000.

In the convention at Cleveland, Hanna again demonstrated that he is the biggest man in Ohio.

Attorney General Pratt's home people are booming him for the republican nomination for governor.

George A. Newman, Jr., is a dark-horse entry for the republican Congressional nomination in the Fifth.

The Kansas republican convention nominated W. J. Bailey for governor and endorsed Roosevelt for president in 1904.

Tobias Huffaker was nominated for Congress by the prohibitionists of the 11th. Mr. Huffaker is a resident of Columbia.

Mack Moss enjoys the distinction of being the thinnest white chip that was ever played in Congress.—Owensboro Messenger.

Agulnaldo's former secretary of war called on the president and told him that the stories of American cruelty in the Philippines are grossly exaggerated or wholly false.

Representative Irwin has been unable to find any person who desires to be postmaster at Mechanicsville, Jefferson county, therefore he recommended that the office be discontinued.

The Thompson Congressional party, which has been studying the industrial development of the South, has returned to Washington. The industrial feature overshadowed with the visitors the Negro question, which they also started out to study.

An amendment to the Philippine Government Bill was adopted extending to the Philippines the "bill of rights" of the constitution with the exception of the right to bear arms and trial by jury. Senator Morgan, of Alabama, championed the bill.

The Rivers and Harbors Bill, which was made public by the conference committee, reduces the appropriations of \$9,500,000, added by the Senate, to about \$4,500,000. The amount agreed upon for the Big Sandy and Tug and Levisa forks is \$350,000.

The Shattuc Immigration bill passed the House, carrying with it two important amendments. The first prohibits the sale of intoxicating liquors at immigrant stations. The second, introduced by Mr. Landis, prohibits the sale of intoxicants in the National Capitol.

Gen. Grosvenor, as permanent chairman of the Ohio republican convention, declared that no republican president will ever haul down the flag in the Philippines, and he also advocated reciprocity. The platform pays a tribute to McKinley and endorses the administration of Roosevelt.

When the president of the United States thinks it necessary for the salvation of his party that he make speeches for candidates for Congress in doubtful districts the country will agree with him that the G. O. P. is in a bad way. No other president ever lowered the dignity of the office by taking such a hand in Congressional races and his accident wouldn't break precedent unless he felt convinced that he alone can save the sinking ship.—Lex. Democrat.

It seems that our good friend, Col. W. P. Walton, will not have a walk-over for the nomination as railroad commissioner in this district. As has been frequently stated in these columns, and as every man knows, Col. Walton has done more work for his party than any newspaper man in the district and how any democrat can have the face to oppose him is hard to understand. If such labor as his, is to go unrewarded, then its time for all the wheel-horses to take in their horns.—Central Record.

CURES WHEN DOCTORS FAIL. Mrs. Frank Chasson, Patterson, La., writes June 8, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return again. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle at Penny's Drug Store.

So Kentucky has declared a quarantine against Indiana on account of smallpox. Now let Indiana come back with a quarantine against Kentucky on account of fugitives from justice.—Louisville Times.

THIS AND THAT.

Spring chickens are selling at 20c per pound at London.

John Camelesch had a valuable horse to die Wednesday.

Lutes & Co. bought two car-loads of cattle in this county at 5c to 6c.

A Chicago jury decided that Balzac's novels are unfit for a respectable person's library.

At Washington, Ind., a 16 year-old boy was fined \$1 for forcibly hugging and kissing a girl.

T. C. Nagland has closed out his royalty interests in his farm in Bath county to Chicago parties for \$10,000.

Dave Williams, a somnambulist, stepped through a second-story window at Knoxville, breaking his neck.

A surveying party is running a line for a new railroad from Middleboro to Harlan, Letcher and Perry counties.

A race war was narrowly averted at Smithland, by Judge Wauk publicly whipping a Negro girl who had assaulted his daughter.

All the burglars who robbed the Bank of Hartford have been convicted, their terms ranging from 18 months to five years in the penitentiary.

S. H. Yeager tells the Advocate that in Garrard much wheat is being ruined by the fly. Yates Hudson has a field which has fallen to the ground.

Gov. Bockham has offered rewards of \$300 each for the arrest of Frank Cecil and Zach Steele, the Bell county fugitives accused of complicity in the assassination of Gov. William Goebel.

Gov. Durbin declares he does not consider smallpox epidemic in Southern Indiana and that he will continue to refuse to allow the emergency fund to be used to stamping out the disease.

The court of appeals held in a case from Fayette county that cities, of whatever class, had complete control over salaries of officials, and that the compensation of such officials was not subject to any action of the Legislature.

A resolution was presented to the International Immigration and Commercial Association, a Negro organization meeting in Chattanooga, petitioning Congress to appropriate \$500,000 for the deportation of any dissatisfied Negroes. It is claimed that Negroes enjoy in the United States less political protection than people in Turkey or China, and that the United States by reason of mob violence is assuming first place in the ranks of lawless nations.

REMARKABLE WOMAN.—Living on the farm of Mrs. R. C. Nunnally, in Fayette county, is a woman who has a husband and six children. Last Fall, when the youngest child was one-year-old, the mother cooked three meals per day for the family, milked the cow and walked to and from the field—one mile—and cut 14 shocks of corn. Later, she broke from 80 to 100 pounds of hemp per day. In early Spring she and a small boy cut 180 acres of corn stalks. She wired the slate and made wire picket fence around the garden. She makes a first-class band at setting and stripping tobacco, and has contracted with a neighbor to thin his corn for 20c per acre. She is an expert washer and ironer and is hard to excel in house-cleaning and putting down carpets. She takes in sewing and dresses her own children for Sunday school. She is intelligent, quick in action, always cheerful, and while resting a little can go to the piano and play "Nearer My God, To Thee," and other selections in a very creditable way.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by Craig & Hocker, Druggists.

Gambruno is a brown stallion 15 1/2 hands high, splendid form and action, and will make the present season at my farm on the Lancaster pike, four miles from Danville, Ky. at \$10 to insure a living colt.

Money due when the fact is ascertained or mare parted with. Gambruno has two in the list and will produce high style and high acting trotters so much sought after by dealers, he having proved his own racing qualities as a two-year-old, driving Mr. Sparks in third heat in 2:23 3/4.

I will also stand a first-class Mule Jack at \$5 to insure a living colt. Not responsible for accidents. Grass \$2 per month. JNO. S. GAMBRUNO, Danville, Ky.

Eagle Bird,

The mighty son of the great King Eagle.

Eagle Bird as a show stallion has but few equals. He won the \$500 stake at Lexington, Ky., defeating some of the greatest horses that Kentucky has ever produced. Eagle Bird, as a sire of good colored, high finished horses, is not surpassed. His colts are in demand and are selling for high prices, either for business or breeding purposes. Will make the present season at the stable of his owners, 2 miles west of Stanford on the Shelby City pike at the low price of \$10 to insure a living colt.

Parting with the mare forfeits the insurance.

Also at the same place we will stand the fine mule Jack.

SWEET WILLIAM,

at \$5 to insure. No better mule Jack will be offered for public service than this one. For further particulars, address

OLD MONEY.—Mr. W. C. Thomsen, of Rockcastle, carries as a luck piece a half dollar made in 1714, which has been in his family for nearly a half century.

A DELICIOUSLY cool wave struck us Monday night and while it has been enjoyed by those who dislike warm weather, it has been far from helpful to crops.

DON'T forget the big strawberry and ice cream supper to be given by the McKinney Maccabee Tent tomorrow, Saturday night, at Ware's Hall. Admission 25c. Go and help a good cause.

STRIKES us that it would be a good idea to trim the trees in the court-house yard so that the clock can be seen. Otherwise the time-piece might as well be disposed of until the leaves wither and fall.

DR. W. D. TARDIF, of this place, is a candidate for State Grand Secretary of the United Brothers of Friendship. The doctor is a fine person and is otherwise well qualified for the office. We hope he will get there.

TIMOTHY ROOT brought down Geo. Main and Calvin Caldwell, both colored, from the West End, to work out a short term at Jailer Herrin's. The former got eight days and the latter seven for breach of the peace.

NOTICE.—The street committee, Councilmen Stone and Straub, request property owners, whose shade trees interfere with the running of electric and telephone wires, to have same trimmed within the next two weeks.

THREE YEARS.—J. W. Casteel, who was here for safe-keeping and who was one of the three prisoners that broke jail a few weeks ago, was given three years at his trial for forgery at London. Casteel is wanted in a half dozen States and he will likely be tried on other courts as soon as he serves the above sentence.

SMITH.—W. B. Smith, aged 57, died at his home near South Fork Trestle, late Wednesday afternoon and will be buried at Pleasant Point this morning. The burial will occur at 3 o'clock this afternoon. Mr. Boone was a kind-hearted, clever man with a legion of friends. He had been a widower for 30-odd years.

WE understand that Manager Jon B. Willis has 11 men at work putting Crab Orchard Springs property in order for this season's business. Last year Mr. Willis entertained more guests than had visited Crab Orchard for 10 years.—Richmond Register. Correct you are. THE OIL SITUATION.—Drilling continues in Baughman Well No. 2 and in Stanford Oil, Gas & Development Co.'s No. 1 well. The latter is expected to "come in" at any hour, while much hope is settled on the latter's proving a producer. Well No. 3 on the Baughman farm is being drilled but a depth of only 280 feet has been reached. The Green River Development Co. on the Dr. Morris farm is letting its machinery rest a while.

THE First National Bank continues to improve its building. A coat of paint is now being put on its exterior.

DON'T forget that the ninth annual elocutionary contest will be held here June 20 and that the contest will be better than ever. The manager has always tried to please the people and believes that they will show by their attendance this year that they appreciate his efforts. E. H. Heazley.

WE stated last issue that Dr. Burris A. Jenkins, of Lexington, would deliver the diplomas to the graduates of Stanford Female College at Walton's Opera House next Thursday morning when we should have said that that gentleman will deliver the annual literary address to the under graduates.

THE following sent from Danville will not discourage those of us who believe this is first-class oil territory: "Jackson Caldwell, who is now 81 years of age, a resident of this place, made a geological survey of Mercer, Boyle, Lincoln and Woodford counties 30 years ago. He says that there is no oil except in small pockets in any of these counties, and that in his opinion the Wayne and Knox county fields will not last long."

DEATH OF DR. WELCH.—Dr. Samuel Welch died suddenly of apoplexy at the Oriental Hotel last night. He had just returned from Mineral Wells. Dr. Welch was 71 years of age. A native of Kentucky, he received a thorough education in his youth and located in Galveston and began the practice of his profession in 1848, and in the course of 10 years acquired the reputation of being the best physician in Texas. Several years ago he retired from the practice, took up his residence in Dallas, and devoted himself to the pursuits of a student. He had systematically traversed the entire field of knowledge and was perhaps one of the most learned men in Texas, though his health often interfered with his investigations for weeks at a time. Dr. Welch was an uncle of Mrs. Dr. H. L. McLauren. His funeral will take place from St. Matthew's Cathedral at 2 P. M. tomorrow and proceed to Greenwood Cemetery.—Dallas, Texas, Telegram.

WORLD WIDE REPUTATION. White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Penny's Drug Store.

GOLDEN WEALTH

Produced by Lincoln County, Ky., Soil.

THE GREEN RIVER DEVELOPMENT CO. has commenced operations on the Dr. Morris farm, one mile from the Baughman well, running day and night. A big well is expected. The Baughman well has been estimated by expert oil men, who saw it drilled, to be good for at least 100 barrels per day, and of high gravity illuminating oil. Wells of this character are far more valuable than a gusher. All of our holdings have been carefully selected and we confidently expect some big wells in near future. We now offer a limited number of shares for sale at 40c a share; the par value is \$1.00 a share, fully paid and non-assessable. Buy to-day—don't delay—when we get a big well this stock will be advanced and probably withdrawn from the market without notice. 25 shares is the smallest block the company will issue. Galton is a great show horse, as has been

tested in the show rings. His colts have

been shown three years in succession at

Hustonsville, Danville, Springfield and other

Fairs and have won the largest premiums

for harness classes over all others. He has

proven a great cross on saddle mares as

gives his colts finish, action and style, and

they are selling for the highest prices. Gal-

ton will serve mares at my stable two miles

west of Hustonsville, at \$10 TO INSURE A

LIVING COLT. Will keep mares on grass

at \$2 per month after May 1.

For Whom I Sing.

There are songs enough for the hero

Who dwells on the heights of fame;

I sing for the disappointed,

For those who missed their aim.

I sing with a tearful cadence,

For one who stands in the dark,

And knows that his last best arrow

Has bounded back from the mark.

I sing for the breathless runner,

The eager, anxious soul,

Who falls with his strength exhausted,

Almost in sight of the goal.

For the hearts that break in silence,

With a sorrow all unknown,

For those who need companions,

Yet walk their ways alone.

There are songs enough for the lovers,

Who share love's tender pain,

I sing for the one whose passion

Is given all in vain.

For those whose spirit comrades

Have missed them on the way,

I sing, with a heart o'erflowing,

This minor string today.

And I know the solar system

Must somewhere keep in space

A prize for that spent runner

Who barely lost the race.

For the plan would be imperfect

Unless it held some sphere

That paid for the toll and talent

And love that are wasted here.
